[Long Essay 11](#)

Your Own "Modest Proposal"

- Choose any contemporary social problem (local, national, or worldwide), and provide a "solution" in the manner of Jonathan Swift. Imitate the satiric tone and structure of the original essay as outlined below.
- Your essay should be at least 3 pages, double-spaced.
- Use at least one outside source in your essay- this can be a book, magazine, Internet site, video, etc. Properly cite your source(s) at the end of your essay.

Outline:

- I. Describe problem using pathos and establish your own ethos
- II. Use facts/statistics to describe the problem in more detail
- III. Present your "solution" and plans for its implementation
- IV .List "collateral benefits" to your plan
- V. Anticipate objections
- VI. Sum up plan's advantages
- VII. Present "real" solution. then dismiss it

Example:

- I. Problem: Airport security and terrorism concerns
- II. References to 9/11, Airport Security Act
- III: Solution: Everyone flies naked, eliminating the need for security screening
- IV: Collateral benefits: Airports save money on metal detectors, travellers won't face long delays at the airport and will save money on clothes, people will be more motivated to get in shape
- v. Objection: Nudity makes some people uncomfortable and encourages immorality. Answer: Animals are nude all the time and don't seem to mind! Plus, Americans in general have a negative body image and this will help people get over it.
- VI: No more terrorism threat, more government money to go to schools and underfed children, happier travellers
- VII. Real solutions: re-designing airports, hiring more security personnel, investing in better security scanners- flying naked is cheaper and *much* more fun!

Other Examples:

Problem: Gun violence in schools
Solution: Give every student a gun

Problem: Breast cancer
Solution: Every woman has her breasts removed

Problem: Homelessness and rising energy costs in Seattle
Solution: The homeless are recruited to run on giant underground treadmills that provide cheap power for the city

Problem: Rising education costs
Solution: Turn public schools into profit-making sweatshops

Problem: The drug war
Solution: Legalize drugs and force everyone to take them
